

General

1. OzWide Freight will provide to the Customer a limited guarantee against loss or damage to Goods during the Carriage for which it is liable including while the Goods are in the control and/or possession of OzWide Freight or their contractors and agents for the purpose of carriage, subject to the terms and conditions set out hereunder, hereinafter referred to as the **FreightSafe Warranty**.
2. The FreightSafe Warranty applies by **default** to every consignment booked for Carriage, where the customer has nominated to participate in the FreightSafe Warranty, up to a maximum of **\$1,000** per consignment.
3. Additional FreightInsure coverage can be purchased **as needed or by default** on every consignment booked for Carriage, eligible for purchase above the first level of FreightSafe Warranty, up to a maximum of **\$100,000 per domestic consignment**.
4. The FreightSafe Warranty is in place from when the Goods are first moved outside of the premises at which loading takes place for the purpose of being immediately loaded onto the conveying vehicle, ending when the Goods are last moved when being delivered at the destination point associated with the freight booking, or any earlier point where the ordinary course of transit has been interrupted.
5. In the circumstances where the loss or damage to Goods is partly caused by an event or incident that is the responsibility of OzWide Freight under these terms and conditions, but also partly caused by an event outside its reasonable control, OzWide Freight will assess the extent to which its actions or inactions have caused or contributed to the loss or damage suffered by the Customer and the extent to which the loss or damage was caused by something that was not within the control of OzWide Freight (i.e. a natural disaster event). Claims under the FreightSafe Warranty will be assessed on this basis and an offer to compensate the Customer will be made for the share of responsibility that OzWide Freight has for causing or contributing to the loss or damage.
